**Specialty Drug Program**  
Member Guide

A nonprofit corporation and independent licensee of the Blue Cross and Blue Shield Association

[bcbsm.com/som](http://bcbsm.com/som)

## Specialty drugs are used to treat complex conditions

Specialty drugs are prescription medications that require special handling, administration or monitoring. These drugs treat complex and chronic conditions, including:

- Cancer
- Chronic kidney failure
- Multiple sclerosis
- Organ transplants
- Rheumatoid arthritis

## There are two ways to fill specialty drug prescriptions

You can fill prescriptions for specialty drugs at a retail pharmacy, but not all pharmacies will dispense specialty drugs. Call your pharmacy in advance to verify that it can fill your prescription.

Blue Cross Blue Shield of Michigan also offers mail order service through OptionCare Specialty Pharmacy. OptionCare provides you with specialty pharmacy mail order services and support programs.

If you have questions about BCBSM's specialty drug program, please call OptionCare at 1-866-515-1355.

## Ordering specialty medication is easy

You can order your specialty drugs through OptionCare, and they'll arrive right at your home. Just have your doctor fax your specialty medication prescription to OptionCare at 1-866-515-1356, or complete the form in this guide and mail it to OptionCare at the address on the form.

If you choose to order your specialty medication through OptionCare's mail order pharmacy, you can receive the following support services anywhere in the U.S.

- Personal attention from a patient-care coordinator who will do all of the following:
  - Discuss the best way for you to take your medicine
  - Explain possible side effects
  - Help you understand your condition
  - Call to remind you when you need a refill

- Ancillary supplies, if they're appropriate to administer your medication, are free with each new order and then as needed if you request them. These include syringes, alcohol swabs and sharps containers.

- Dedicated customer service staff is available Monday through Saturday at 1-866-515-1355. Automated ordering and emergency clinical support are available 24 hours a day, seven days a week also.

If you have any questions, call the BCBSM State of Michigan Customer Service Center at 1-800-843-4876.

## Limited Distribution Specialty Drugs

Some manufacturers limit the distribution of specialty drugs. These drugs (noted as limited distribution specialty drugs) are only available through designated pharmacies. BCBSM has also been able to secure access to these drugs through Accredo – Medco's specialty mail order pharmacy. Accredo can be contacted at 1-800-803-2523.

## Specialty drug guide

Members can receive specialty drugs through the mail from OptionCare or obtain them at a retail specialty network pharmacy. They are not available through Medco By Mail. Medications in bold in the list on the next page are available as generics for the lowest copayment. For the most up-to-date list, call the BCBSM State of Michigan Customer Service Center at 1-800-843-4876.
