**\*IMPORTANT WEBINAR ACCESS INSTRUCTIONS:**

**Log on to:** <https://emeeting.prudential.com>

(Note: you must have Java access on your PC)

On the right side of the front page, click on "ATTEND A MEETING"

**Select the meeting titled:** Prudential LTC – The State of Michigan

**For audio, from your phone dial:** 1-888-622-5357

**Access Code:** 735916

**\*If you are unable to access the website, please dial-in to listen to the presentation.**

**Hints:**

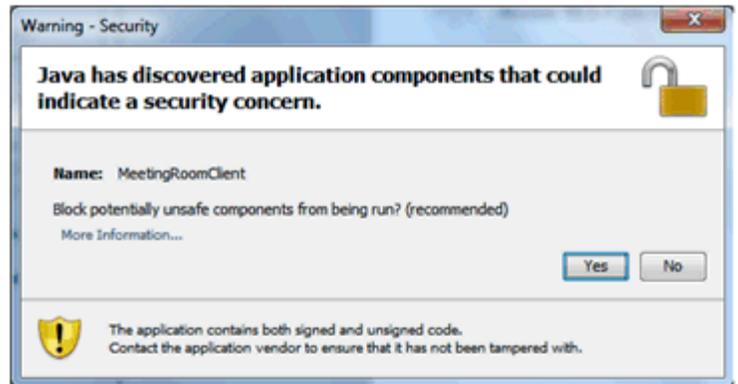

- Make sure Ad/Pop-up blockers are not running on your workstation, or you may lose some meeting functionality.

- Once you enter the meeting, there will be two smarticons near the top right of the screen that allow you to control (maximize or original size) the display of the meeting area.
- Mute your phone when appropriate after connecting to the phone service. Please do not put your conference call on hold to make another call, as background music may play while on hold.

**THE BELOW ONLY APPLIES IF YOU USE INTERNET EXPLORER V. 8 and JAVA 6 UPDATE 20 OR GREATER.**

**\*\*The below warning may appear each time you join a meeting if you have certain security settings.**

**\*\*Select No if this screen appears.**

Note - the following screen shot is applicable to Java 6.

Go to **Java Control Panel > Advanced > Settings > Security > Mixed code**

If “**Enable - show warning if needed**” is selected, clicking **No** per the instructions in the prior window will allow access.

If “**Enable - hide warning and run with protections**” is selected; the window above will not appear.

If “**Enable - hide warning and don't run untrusted code**” is selected, you cannot use Sametime/eMeeting.

If “**Disable verification (not recommended)**” is selected, Sametime will launch automatically. This is the least secure setting, and is unlikely to be set in any corporate environment.

You can change your setting and click **OK** if needed.
