3. Standards

A. Definition.

Conditions of general emergency include, but are not necessarily limited to, severe or unusual weather, civil disturbance, loss of utilities, physical plant failures, or similar occurrences. Such conditions may be widespread or limited to specific work locations.

B. Administrative Determination.

When conditions in an affected area or specific location warrant, state facilities may be ordered closed or, if closure is not possible because of the necessity to continue services, a facility may be declared inaccessible. The decision to close a state facility or declare it inaccessible is at the full discretion of the Governor or designated representative. The appointing authority is responsible for receiving and documenting the appropriate authorization for closure or declared inaccessibility.

C. Compensation.

1. When a state facility is closed or declared inaccessible in accordance with this regulation, employees unable to report for work due to such conditions are granted administrative leave to cover their absence during normally scheduled hours of
work for the period of closure or declared inaccessibility. An employee who is sent
home under such conditions after completing a portion of the regularly scheduled
shift is granted administrative leave for the balance of the shift.

2. An employee may be required to work during situations of closure or declared
inaccessibility. In these instances, the employee is compensated as follows:
   a. At the employee's base rate of pay during all hours of the employee's regularly
      scheduled shift.
   b. In accordance with regulation 5.02 for all hours worked outside the employee's
      regularly scheduled shift.
   c. In addition to pay, an employee is granted paid time off equal to the number of
      hours worked during the period of closure or declared inaccessibility.

D. Additional Timekeeping Procedures.

1. If a state facility has not been closed or declared inaccessible in accordance with the
definition in this procedure, and an employee is unable to work because of such
conditions, the employee is allowed to use annual leave or compensatory time
credits to cover the absence from work. If the employee does not have sufficient
credits, or the employee chooses, the employee is placed on lost time.

2. When an employee is absent from a scheduled work period, a portion of which is
covered by a declaration of closure or inaccessibility, annual leave or compensatory
credits may be used to cover that portion of the employee's absence not covered by
administrative leave. If sufficient credits are not available, or the employee chooses,
the employee is placed on lost time.

3. Employees who are absent due to sick or annual leave usage or who have previously
scheduled annual leave during the period of closure or inaccessibility are not
entitled to administrative leave.
   a. If an employee previously on sick or annual leave is scheduled to return to work
      while the building remains closed or inaccessible the employee then becomes
      eligible for such administrative leave for the remaining portion of closure or
      inaccessibility.
   b. Employees who incur lost time as the result of application of this regulation
      receive credit for a completed biweekly work period for all other purposes.
