

Michigan Civil Service Commission
Employee Benefits Division

Dear State Employees:

**The Worksite Flu Vaccine Program is for
Active State Employees Only.
Please show your State Employee I.D.**

The goal of this clinic is to help State employees remain healthy on-the-job without having to take extra time off to go for their flu vaccines.

The following active employees, spouses, and dependents may obtain their vaccines at the on-site clinic:

- 1) Spouses of State employees who are themselves active State employees and are carried on their spouse's insurance.**
- 2) Dependents of State employees who are themselves active State employees and are carried on their parent's insurance.**
- 3) Contractual employees working for the State may pay by cash or check (payable to MC VNA Wellness) to obtain their vaccine.**

Other spouses, dependents, and retirees may obtain their flu vaccine at their health provider's office or a participating local pharmacy (co-pays may apply).

Thank you,

**Employee Benefits Division
State of Michigan**
