***RE: Michigan Department of Education Request to Allow LEAs to Offer  
SES, in Addition to Public School Choice, to Eligible Students in Title I  
Schools in the First Year of School Improvement***

Dear Dr. Conaty:

I am writing on behalf of Michigan to request a one-year waiver to allow local educational agencies (LEAs) within Michigan with one or more schools in improvement, corrective action, or restructuring to offer supplemental educational services (SES), in addition to public school choice, to eligible students in Title I schools in the first year of school improvement and to count the funds spent providing SES to eligible students in those schools toward the LEA's obligation to spend an amount at least equal to 20 percent of its Title I, Part A, Subpart 2 allocation on SES and choice-related transportation (20 percent obligation). In the absence of such a waiver, an LEA may only count funds spent providing SES to eligible students attending schools in the second year of improvement, in corrective action, or in restructuring toward its 20 percent obligation (Elementary and Secondary Education Act of 1965 (ESEA) Section 1116(b)(10); 34 C.F.R. § 200.48).

Michigan believes that the requested waiver will increase the quality of instruction for students and improve the academic achievement of students by providing an incentive for an LEA to offer SES to eligible students one year earlier than the law requires, thereby enabling more students within an LEA to enroll in SES. Michigan believes that parents of children attending schools in the first year of improvement will be eager to enroll their children in SES, and that the increased enrollment in SES thus enabled by the waiver will contribute to improving student achievement.

Michigan has set the following annual measurable objectives (AMOs) in reading (English Language Arts) and mathematics, which are among the subjects that are covered by SES providers in Michigan, for the 2009–2010 school year:

<b>English Language Arts</b>						
Grade						
3	4	5	6	7	8	11
60%	59%	57%	56%	54%	53%	61%
<b>Mathematics</b>						
Grade						
3	4	5	6	7	8	11
67%	65%	62%	60%	57%	54%	55%

Michigan will determine adequate yearly progress (AYP) based on assessments administered in the 2009–2010 school year in accordance with the requirements of section 1111(b)(2) of the ESEA and in accordance with the growth model approved by the Department in 2008. Michigan believes that, ultimately, allowing LEAs to offer SES to eligible students in Title I schools in the first year of improvement and counting the costs of providing SES to those students toward the LEA's 20 percent obligation may help more students within the State to reach the State's proficiency objectives.

Michigan hereby assures that, if it is granted the requested waiver, Michigan will implement the waiver only with respect to those LEAs that will meet all statutory and regulatory requirements related to SES in the 2009–2010 school year (other than the particular funding requirement being waived).

Prior to submitting this waiver request, Michigan provided all LEAs in the State with notice and a reasonable opportunity to comment on this request. Michigan provided such notice by sending an e-mail to each LEA on July 31, 2009 (Attachment A). Copies of all comments that Michigan received from LEAs in response to this notice are included as Attachment B. Michigan has also provided notice and information regarding this waiver request to the public in the manner in which the State customarily provides such notice and information to the public, which is by posting information regarding the waiver request on its website (Attachment C).

Michigan hereby assures that, if it is granted the requested waiver, it will submit to the U.S. Department of Education, by September 30, 2010, a report that sets forth the name and National Center for Education Statistics District Identification Number for each LEA implementing the waiver.
