Definitions:

A minimum of at least two districts and at least two building types (middle school or high school) must participate for a county/regional report to generate.

Mean = average age of onset

N = # of students who reported lifetime use of the substance.

This N will be less than the total number of students that took the survey.

Cigarettes = Smoked a whole cigarette

Alcohol = Drank alcohol other than a few sips

Drunk = Got drunk

Marijuana = Tried marijuana

-- = Data suppressed due to fewer than 10 valid student surveys
