MEMORANDUM

TO: Local/Private Elementary School and Public School Academy Principals

FROM: Betty Underwood, Interim Director
Office of School Improvement

SUBJECT: 2008-2009 Michigan Blue Ribbon Exemplary Schools Program

The Michigan Department of Education is pleased to announce the 2008-2009 Michigan Blue Ribbon Exemplary Schools Program (elementary cycle). This marks the program's 26th year of recognizing highly effective schools throughout the state. This award program is open to both public and private schools that meet extremely high standards and undergo a rigorous peer review. In order to qualify, public schools selected for the "Exemplary School" award must also earn either an A or B under *Education Yes!* and have achieved AYP for the school year ending 2007-2008.

There are two very good reasons why a school building should consider this process:

1. Self-reflection: Research in the area of school improvement has shown that schools with a common vision are successful in increasing student achievement. The Blue Ribbon process is very effective in assisting schools to focus their efforts and vision.
2. Recognition: The program is designed to provide program analysis, a peer review, and an on-site visitation at no additional external cost to the district. Furthermore, selected school buildings receive state recognition for their efforts.

The major components that qualify a school for state recognition are: (1) that the school staff has developed a number of exemplary programs and (2) the school's performance indicates success.

For your assistance, the 2008-2009 Elementary School Nomination Requirements, the updated timeline, and the current contact information for the Blue Ribbon Advisory Committee members are provided on the Blue Ribbon web page at the following link:
