

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How ABC Solutions Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

ABC Therapy Solutions, LLP provides quality services involving remediation of deficits in English language arts including speech and language based disorders and life skills. Our highly-qualified teachers are certified in education and speech language pathology. We will also use current highly qualified teachers and retired teachers as volunteers. Both teachers and volunteers must hold at least a Bachelors degree and at least 2 years experience teaching. We have designed our program to increase skills in the aforementioned areas utilizing therapy based materials as well as research-based programs. ABC will use The Skills Tutor Program(Houghton-Mifflin) to incorporate a computer based component. The highly structured Wilson remedial program provides a systematic, multisensory approach for decoding, encoding, fluency and comprehension. It also target guidelines established by IDEA including the areas of RTI and language based learning deficits. Criterion based assessments are built into the program. Frequency and length of session will be 2 times per week for 120 minutes with the student teacher ratio from 1:1 to 5:1 or 8:1 for computer based instruction.
