

## ATS Project Success (High School)

---

*This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).*

*The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.*

### ***How ATS Project Success (High School) Explains Their Tutoring Program, in Their Own Words:***

---

*The MDE has not edited this description.*

ATS Project Success offers eligible 9-12 students support in language arts, reading, and mathematics. Services are provided online in the comfort and safety of the student's home with a pre-programmed laptop computer, CompassLearning's Odyssey® software, and dial-up Internet service at no cost. Tutors assess students to determine the curriculum, learning objectives, and instructional level activities. Students are encouraged to complete two one-hour sessions a week. A student's progress is monitored online, with weekly follow-up telephone calls conducted by the tutor with the student and parents, and monthly reports (English/Spanish/Hmong) to the parents, and monthly reports to the district. We work with schools and teachers to make sure the student's efforts in the program are helping them succeed in the classroom. Tutors meet or exceed the qualifications for NCLB legislation; 50% have at least two years experience tutoring SES students in the program.
