

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How Academic Achievement Tutoring Services, LLC Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

Kindergartens thru 12th graders enrolled in the AATS program are taught reading, writing and mathematics lessons that complement their school's curriculum. These lessons, which includes strategies for special education and ELL students focus on state content standards. Each student is given a pretest to diagnose his/her instructional level. An individual educational plan is written based on that diagnosis and discussed with the student's parent and teacher. At the end of the tutoring program the student is given a posttest to evaluate his/her level of achievement. The AATS tutors are certified teachers and degreed professionals. All tutors are trained by educational consultants on the research-based AATS program. The two hour sessions are held two - four times weekly, after school, on weekends and during the summer. The sites include student's home, school, library, church and community center. Parents and teachers receive written quarterly reports from the tutors.
