

*This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).*

*The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.*

## ***How Achieve HighPoints Explains Their Tutoring Program, in Their Own Words:***

*The MDE has not edited this description.*

Achieve HighPoints is a 1 on 1 online math tutoring program aligned to Michigan state math standards for students in grades 3 through 12. Our program will enable students to perform at grade level proficiency and achieve high test scores in MEAP Math exams. Students take an initial grade specific pretest. Based on this test, students attend online tutoring as per their custom Student Learning Plans (SLP). We also include data received from the teachers and parents to create this unique lesson plan. Students will be given a review after each lesson. They will be assigned lower grade level lessons if they do not achieve proficiency. Our tutors all have college degrees in Math or a related field like engineering and will be able to help students via regular tutoring sessions. Students attend hour long online tutoring sessions 4 times a week. Online Tutoring is available 7 days a week including holidays. Students improve their math pre and post testing grades by 15 points with Achieve HighPoints.
