Success with Algebra II Course/Credit Requirements

Who should participate?

High School Mathematics Teachers

Intermediate School Districts and Regional Education Area Staff

Curriculum Leaders

Career and Technical Education Teachers

Special Education Teachers

Description

The Algebra II Course/Credit Requirements have been revised to reflect ACT's College Readiness Standards, Achieve's American Diploma Project Benchmarks, and the proposed common core college and career readiness standards Michigan plans to adopt. The changes are a result of concerns specific to the Algebra II Course/Credit Requirements.

This webinar will detail what content remains within the Algebra II Course/Credit Requirements, explain the impact of the Algebra II changes on the learning of all Mathematics HSCEs, and address instructional strategies for success with the Algebra II Course/Credit Requirements.
