

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How American Tutoring Services Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

American Tutoring Services is a data driven program that will provide Public School students in Grades K-12 with on-site research based tutorial services. The goal of ATS is to improve student achievement under the “No Child Left Behind Act” in English Language Arts and Mathematics with instructional content aligned to the local district Grade Level Content Expectations. Typically students will receive two hours of instruction per day, three times a week from highly qualified teachers. The program will run for approximately ten weeks and with a total of (60) sixty hours of instruction. Every participating student will be assessed (Skills Tutor, Focus on MEAP, ACT Preparation) for skill level needs with an individualized learning plan developed for each student. ATS instructors will utilize Computer Based Software programs for measuring student progress. All materials and manuals necessary for successful participation in the program will be provided by ATS.
