

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How Brain Hurricane Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

WE MAKE LEARNING FUN! The Brain Hurricane program takes place in your child's school during after-school hours. Brain Hurricane's tutoring program is different from other tutoring programs because Brain Hurricane uses fun and engaging methods to teach. After a long day in school, students need activities to keep them interested. Instead of sitting and listening, students are engaged in problem-solving activities designed to teach important reading and math skills. Because students are paying attention during activities, they remember the important math and reading skills. They look forward to the competitive team-based atmosphere, and are inspired to improve grades and test scores because they LIKE the learning activities, and have FUN learning with their peers. Students demonstrate what they have learned during the program at a fun competition. Parents and family members are invited to attend this fun competition, where students are awarded medals and prizes for good attendance and behavior.
