

CNAA Email Announcement

TO: ECCs

DATE: January 07, 2016

SUBJECT: 2016-2017 GSRP CNAA Available in MEGS+

Early Childhood Contacts,

The attached MDE memo was sent out earlier today from Susan Broman to your superintendents announcing that the 2016-2017 CNAA is available on MEGS+ and due on Wednesday, February 17, 2016.

Please note that MEGS+ still identifies the application as the 'GSRP *CNRA*.' Within the 2016-2017 GSRP CNAA you will find Help on individual pages and the Great Start Collaborative Endorsement Form and Guidelines.

The actual data input takes very little time compared to the collaborative work that goes into determining the local need for GSRP and ensuring that the process for selecting subrecipients and awarding slots has been updated based on grantee experience and consultant guidance.

If there are questions, contact the assigned GSRP consultant. For contact information refer to the GSRP Consultant Assignment Map on the website.
