

*This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).*

*The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.*

## ***How Educate Online Explains Their Tutoring Program, in Their Own Words:***

*The MDE has not edited this description.*

Educate Online is America's leading provider of live, personalized, at-home tutoring and has successfully served more than 56,000 students since 2002. On average, students who complete either our math or reading program gain a grade level. Students typically take two to four 60-minute sessions each week. All sessions are taught by live, U.S.-based, certified teachers with at least two years of teaching experience. Students log onto our secure website from the safety and convenience of their homes ? eliminating the need for transportation. Sessions are available seven days a week, after school and on weekends. Teachers may work with up to three students at a time, but each student is in his or her own virtual classroom, so their experience is one-on-one. Educate Online provides computers and internet access to any family who needs it to participate in the program. Students can access more than 13,500 online lessons in math and reading in our online curriculum. Families incur no additional costs with this program. Educate Online is able to serve ELL, special education, and disabled students, given their ability to perform the necessary computer-related functions.
