

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How Empowerment Learning Services Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

Empowerment Learning Services provides students with Reading and Math tutoring based on their specific needs. We have provided SES tutorial services since 2006. Aligned with Michigan state standards, our Continental Press curriculum provides key reading and math lessons to help students learn and grow. Each student is tested to determine his or her individual learning goals and skill gaps. We also work with parents and the student's teacher to set goals for each student. Students work closely with our highly trained staff. Our program is research-based and has been proven to provide marked growth for students of all abilities, including special needs students and English Language Learners. Tutoring is offered Monday-Thursday, before and/or after school, and on Saturdays. Instruction takes place at school when possible or in public venues within walking distance of schools. Public venues that we have successfully used in the past include churches, recreation centers and libraries.

About This State-Approved Program:

Subject Areas: English, Mathematics
