FROM: Kyle Guerrant, Deputy Superintendent *KG*

DATE: April 4, 2017

SUBJECT: **Recall of EpiPen and EpiPen Jr (epinephrine injection) Auto-injector products.**

Meridian Medical Technologies has announced a [voluntary recall](#) of 13 lots of Mylan's EpiPen and EpiPen Jr (epinephrine injection) Auto-injector products.

We recommend that if your source of epinephrine injection devices is Mylan, you check your lot number with the list of recalled products in the link above. If your product is on the recall list, you can contact customer service for Mylan at 800-796-9526 or customer.service@mylan.com to find out their plan for replacing the defective products. We also recommend that you send this information home to parents so they are made aware.

If your Mylan EpiPen is from a lot that is not included in the recall, you do not need to replace your EpiPen prior to its expiration date.
