

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How Future Leaders Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

Future Leaders Education Services LLC was created with the educational needs of students as priority. We offer Study Island, a web based program that aligns instruction with Michigan Grade Level Expectations (GLCEs), making our program content similar to concepts they may learn in school and those seen on State tests such as the MEAP. Students master individualized learning objectives in a variety of fun ways such as using educational games and cooperative learning groups. Tutors are certified teachers that use best teaching practices and enjoy teaching and helping students become leaders in and out the classroom. Students are assessed throughout the program and trained teachers and site supervisors adapt teaching techniques to ensure that each student understands the lessons and masters learning objectives. We also feature computer lab time, home website access, newsletters and more. We offer to keep students focused and interested in learning; and parents and schools informed and knowledgeable about the success of students. Our tutoring schedule consists of 3 days per week for 2 hours each day. The length of the program varies to meet the needs of the student.

About This State-Approved Program:

Subject Areas: English, Mathematics, Science, Social Studies

Grades Served: 3-12

Estimated Hours of Tutoring Per Student: 32

Number of Students to Be Served: 10 - 200
