

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How Gateway Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

GTE offers fun and effective tutoring to students 2 days a week. GTE uses a direct instruction model to teach a curriculum filled with engaging materials and activities. The direct instruction model consists of teacher-led lessons in which students are guided step by step through a progression of skills until they have mastered the goal for the lesson. Completion of our program requires a minimum of 36 hours. GTE program addresses academic skills from grades k-12. Corrective Reading, Perfection Learning, and Abrams Learning Trends components of our reading curriculum target essential skills in fluency and comprehension. The writing program includes the 6+1 Traits of Writing. Corrective Math and Connecting Math Concepts components take students through increasingly complex math problems through step by step sequencing so that math becomes interesting and rewarding. GTE tailors individual learning plans for each student. Gateway teachers are highly qualified in their area of study.
