

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How Global Learning Solutions Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

Global Learning Solutions, hereafter referred to as GLS, is FREE computer based instructional after school tutoring for students grades 2 - 8 who qualify. Technology is our platform for instruction which consist of a computer based curriculum that engage large group (1:8), small group (1:3) and isolated (1:1) instruction. While GLS supports distance learning, all tutoring sessions have an instructor onsite. Our curriculum has been designed to evaluate and strengthen cognitive ability specifically in mathematics and language arts. All instructional methods, curriculum components and evaluation tools used by GLS are aligned with the Michigan Department of Educations Curriculum Framework and Grade Level Content Expectations. The instructional curriculum is intended to increase the student achievement on the MEAP exam. Furthermore, the curriculum is also intended to increase the students experience and confidence towards standardized tests. Only three participants are needed for this great opportunity!
