

*This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).*

*The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.*

## ***How Imagine Learning Explains Their Tutoring Program, in Their Own Words:***

*The MDE has not edited this description.*

Imagine Learning Academy helps English learners, struggling readers, and students with disabilities strengthen reading and language skills. The program couples an engaging software program with tutoring by top teachers for twice the educational impact. This combination provides a fun environment, individualized attention, and effective instruction. With Imagine Learning Academy, students receive exactly what they need to succeed. Students begin Imagine Learning Academy by taking a computer-based placement test through Imagine Learning English. The program then automatically places students in the program. Tutors will create and maintain an individual student profile for each student using the results from the placement test as well as progress reports from the program. This information will be used to make goals and track student progress. Students attend Imagine Learning Academy for two ninety-minute sessions per week. The student-to-tutor ratio is 8:1. Tutors are hired from each school's faculty and are considered based on recommendations by the school principal or superintendent. Tutors must have at least a bachelor's degree.

### ***About This State-Approved Program:***

Subject Areas: English

Grades Served: K-8

Estimated Hours of Tutoring Per Student: 25

Number of Students to Be Served: 10 - 1000
