

International After School Program

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How International After School Program Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

The International After School Program is a quality after school enrichment program for students in grades 1-12. We offer students computer based tutoring in Language Arts and Mathematics. Our program provides computers for students and we also directly engage parents in the program through parent training sessions designed to increase parental involvement and participation in the educational process. Parents enrolling their child into our program can choose to participate in our onsite and online program or our strictly online program from home. Our onsite program is held at local schools and also in the cultural district of Detroit at the Charles Wright Museum of African American History, Detroit Science Center and Youthville. Scheduling is flexible to accommodate parent and students schedules and issues surrounding transportation. IASP is a preferred provider and has well qualified tutors to meet the needs of your child. Please visit us at www.iaspdetroit.com or contact us at 1-313-213-6355.
