GUIDING PRINCIPLES

2 To be successful at becoming a Top 10 performing state in 10 years, Michigan must develop a coherent and cohesive strategy for the children, and implement that plan with continuity for multiple years. Education reform takes time; we must implement, use evidence and data to correct course, and continue with progress on key goals.

GUIDING PRINCIPLES

A “Can-Do Culture” that focuses on student-directed learning and student outcomes, and the work on instruction must take priority.

GUIDING PRINCIPLES

2 Data and accountability will be used to help drive resources and focus improvement activities for students and educators. Attention will be on transparency in support of key goals for the entire system to make Michigan a Top 10 state for education.

GUIDING PRINCIPLES

2 Poverty matters – it's not to be used as an excuse, but as a purpose to design a system of education that motivates and excites all children about learning, keeps them in school, and provides them with the hope and knowledge for a successful future.

STRATEGIC GOALS

TOP 10 IN 10 YEARS 

putting Michigan on the map as a premier education state

1

Provide every child access to an aligned, high-quality P-20 system from early childhood to post-secondary attainment – through a multi-stakeholder collaboration with business and industry, labor, and higher education – to maximize lifetime learning and success.
