

Kidz University Educational Tutoring Services

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How Kidz University Educational Tutoring Services Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

The mode of instruction is consistent with the goals of the public school system in which we consistently work in collaboration. Children are capable of learning despite their background, ethnicity, disability, etc. Once enrolled into the program students are given a pretest to assess their academic needs and in turn are tutored accordingly using a state approved research based curriculum STAMS/STARS. Each group is tutored by a certified teacher 2 to 3 times a week for 90 minute sessions. We are aware that children with disabilities may need additional help and will provide such by adding an assistant to the class. Along with our trained tutors, we rely on feedback from the classroom teacher so that we are given a wide range of information about the student that will be helpful and aid in the improvement of the child's grades and standardized test scores.
