

*This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).*

*The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.*

## ***How MI Learning Unlimited Explains Their Tutoring Program, in Their Own Words:***

*The MDE has not edited this description.*

MI Learning Online, derived from a traditional tutoring program which has provided services for five (5) years, uses the Diagnostic/Prescriptive Model, recognized widely as being highly effective, to increase student achievement. The program has a consistent record of assisting targeted students to improve in reading and mathematics an average of two (2) grade levels. The online version of the program will use the same successful models of instruction. MI Learning Online can be used as a teacher-aided instructional tool or as a one-on-one tutoring resource with minimal guidance. Individualized instruction, diagnostic testing, prescriptive assignments and automatic reporting are incorporated. The MI Learning Online curricula have been aligned closely with the state content standards. The instructional staff are current or retired certified teachers who meet the standards set by the No Child Left Behind Act of 2001.
