MEMORANDUM

DATE: January 7, 2016

TO: Local and Intermediate School District Superintendents
Public School Academy Directors

FROM: Kyle L. Guerrant, Deputy Superintendent *KG*

SUBJECT: Michigan Model for Health™ School Survey

The Michigan Departments of Education (MDE) and Health and Human Services (MDHHS) will randomly select and invite approximately 900 Michigan schools to participate in a survey regarding the Michigan Model for Health™ and other health education curricula used by public schools across the state. Learning more about the use of different health education curricula will help our agencies provide the training, curriculum development, and support that will better meet the needs of all school districts.

Your responses are very important, even if your school does not use the Michigan Model for Health™ or other health education curricula. Participation in the survey is voluntary and individual responses will be kept confidential. If your school is selected to participate in the survey, your school will receive an instruction letter soon. If you have questions about this survey, please contact Sophia Hines at HinesS3@michigan.gov.
