What is MME?

- The Michigan Merit Exam includes three components: 1) the SAT with Essay college readiness assessment, 2) ACT WorkKeys work skills assessment and, 3) the Michigan Student Test of Educational Performance (M-STEP). These three components provide a measure of student performance based on Michigan's high school content standards as well as college and career readiness.

SAT with Essay

- The SAT with Essay is a college entrance exam that reflects what students are already learning in their classrooms, including the best of instruction in math, English language arts, science, history, and social studies. It is accepted at all Michigan universities and nearly all four-year colleges and universities in the United States.

ACT WorkKeys

- ACT WorkKeys is a job skills assessment system measuring real-world skills. The ACT WorkKeys assesses Reading for Information, Applied Mathematics, and Locating Information. Students who receive qualifying scores on the ACT WorkKeys assessment are eligible for the National Career Readiness Certificate (NCRC) and in some cases college credit.

M-STEP

- M-STEP assessments measure what students know and are able to do in science and social studies based on the Michigan high school content standards.

Student Eligibility

- **11th Graders**
- First time 11th graders are **required** take the **complete** Spring 2016 MME (all three components)

- Grade 11 foreign exchange students are **required** take the **complete** Spring 2016 MME (all three components).
- Repeating 11th grader: If the student is missing one or more valid MME component scores (ELA, mathematics, science, social studies, college entrance, or work skills), then the student is **eligible, but not required** to take the Spring 2016 MME. If the student's IEP team determines the MI-Access FI ELA and/or mathematics assessment is the most appropriate for the student, then the student is **NOT eligible** to take the SAT with Essay.
