MEMORANDUM

TO: State Board of Education

FROM: Michael P. Flanagan, Chairman 

SUBJECT: Presentation on the Michigan Test for Teacher Certification Results for 2008-2009

The Michigan Test for Teacher Certification (MTTC) results reflect test taker performance in teacher preparation programs approved by the State Board of Education (SBE). MTTC test results provide one indicator of teacher candidate preparation in SBE-approved teacher preparation programs. Because the SBE-approved standards for teacher preparation are consistent with the SBE-approved Grade Level Content Expectations (GLCE) and High School Content Expectations (HSCE), MTTC test results also provide an indicator of teacher candidate preparation in content taught in Michigan elementary, middle, and high schools.

Licensure testing must also be set in the context of the approved standards and expectations related to content tested on the MTTC. Starting in October 2001, institutions were given the opportunity to review the roster of test candidates who have registered for each test in order to identify those candidates who have completed at least 90% of the content-area coursework. This process of verifying test takers allows an institution to authenticate test taker scores that will be attributed to the institution. The verification process occurs before teacher candidates take MTTC tests and before test results are known by institutions. The verification process is necessary because anyone can, in principle, register to take a test and identify any institution as the alma mater. The verification filter introduces a review process that allows the resulting test scores to be used as part of a broad accountability process.

Attachment A identifies, for each Michigan teacher preparation institution, the aggregate content area test pass percentages from the four test dates in this eighth full year of testing with the verification process option in place. Table 1A shows the aggregate pass percentage for each institution. Table 2A shows the statewide pass percentage by content area.

Attachment B is a comparison among the 2006-2007, 2007-2008, and 2008-2009 cumulative pass percentages. Table 1B shows the aggregate pass percentage for each institution. Table 2B shows the statewide pass percentage by content area.

STATE BOARD OF EDUCATION

KATHLEEN N. STRAUS – PRESIDENT • JOHN C. AUSTIN – VICE PRESIDENT
CAROLYN L. CURTIN – SECRETARY • MARIANNE YARED MCGUIRE – TREASURER
NANCY DANHOF – NASBE DELEGATE • ELIZABETH W. BAUER

Report to the
Michigan State Board of Education

Michigan Test for Teacher Certification 2008-2009

Submitted by the
Office of Professional Preparation Services
February 8, 2010

Caution: The following tables should be viewed and used *only* with the Key for explaining Data Tables and with the Interpretative Notes and Cautions.

Details for Michigan Test for Teacher Certification Data Tables

The following tables present the Michigan Test for Teacher Certification (MTTC) passing percentages by institution and by subject area test for candidates who tested for the first time during 2008-2009. The tables include first-time candidates who were deemed eligible by the institution verification process. The cumulative passing percentages include passing attempts by those candidates at any subsequent administration during 2008-2009.

Interpretative Notes and Cautions

Results reported for only a small number of candidates may not be indicative of how large numbers of candidates typically perform.

Candidates whose data are presented in this document may not reflect the same performance as that of candidates who will take these tests in the future.

Key for Data Tables:

N = Number of eligible test takers who took an MTTC for the first time, any time during the program year.

N Pass, or (% Pass) = Number, or (Percentage), of eligible test takers who passed an MTTC.

Initial = First-time test takers who pass an MTTC on the first attempt, any time during the program year.

Cumulative = Total first-time test takers who pass an MTTC at any time during the program year, including those who eventually pass after one or more attempts, provided the first attempt occurred during the program year of the report. The cumulative pass percentage is used for comparison purposes among higher education institutions.

** = Pass percentages are not reported for institutions or test fields that currently have fewer than ten test takers recorded during a reporting interval. However, the candidate performance from those institutions or test fields is included in the statewide summary results. Readers who are interested in the record of pass percentages for content area tests with fewer than ten test takers should refer to the MTTC three-year annual summary performance report for teacher preparation institutions. That report is available at:

http://www.michigan.gov/mde/0,1607,7-140-6530_5683_5857---,00.html

**Michigan Test for Teacher Certification
Comparison Report
2006-2007, 2007-2008, 2008-2009**

Submitted by the
Office of Professional Preparation Services
February 9, 2010

Caution: The following tables should be viewed and used *only* with the Key for explaining Data Tables and with the Interpretative Notes and Cautions.

Details for Michigan Test for Teacher Certification Data Tables

The following tables present a comparison among the Michigan Test for Teacher Certification (MTTC) passing percentages by institution and by subject area test for candidates who tested during 2008-2009, 2007-2008, or during 2006-2007. The tables include first-time candidates who were deemed eligible by the institution verification process. The cumulative passing percentages include passing attempts by candidates at any subsequent administration during the years specified.

Interpretative Notes and Cautions:

For cross-year content comparison, it should be noted that four to five tests are significantly redeveloped annually with new cutscores. These changes may increase or decrease the pass percentage for content areas with new tests.

An eligible test taker is a teacher candidate identified by an institution as such. This is also known as a verified test taker, or as a "barcoded" test taker.

Results reported for only a small number of test takers may not be a valid indicator of program strength.

Test takers whose data are presented in this document may not reflect the same performance as that of test takers who will take these tests in the future.

Key for Data Tables:

N = Number of eligible test takers who took an MTTC for the first time, any time during the program year.

N Pass, or (% Pass) = Number, or (Percentage), of eligible test takers who passed an MTTC.

Cumulative = Total first-time test takers who pass an MTTC at any time during the program year, including those who eventually pass after one or more attempts, provided the first attempt occurred during the program year of the report. The cumulative pass percentage is used for comparison purposes among higher education institutions.

** = Pass percentages are not reported for institutions or test fields that currently have fewer than ten test takers recorded during a reporting interval. However, the candidate performance from those institutions or test fields is included in the statewide summary results. Readers who are interested in the record of pass percentages for content area tests with fewer than ten test takers should refer to the MTTC three-year annual summary performance report for teacher preparation institutions. That report is available at:
