

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How Math and Reading Solutions Plus Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

Math and Reading Solutions Plus is a high-quality, research-based program that is designed to help students achieve academic gain in math and reading. A variety of teaching methods are used to meet the learning need and preference of each student. Instruction is hands-on and interactive, using technology and manipulatives. Curricula used for these two subjects includes: Reading Mastery Classic 1 & 11 and Reading Mastery Plus, and Everyday Mathematics. All students are pre-tested prior to instruction, and an Individualized Learning Plan (ILP) is designed for each student, identifying 3 to 4 specific learning objectives based on the results of these assessments. Instruction is given twice a week, with each session lasting two hours.. Students are instructed by state-certified teachers either individually or in small groups, with no more than five students assigned to each teacher.
