

*This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).*

*The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.*

## ***How Mathnasium - The Math Learning Center Explains Their Tutoring Program, in Their Own Words:***

---

*The MDE has not edited this description.*

MATHNASIUM is a highly specialized math learning program for students in Grades 1-12 designed to significantly increase math skills while building confidence and a positive attitude. The curriculum is research based and has a one to one correlation with Michigan's Grade Level Content Expectations. Each student is given a diagnostic assessment to determine strengths, weaknesses and depth of understanding with respect to grade level material and key math concepts. The results of the assessment are used to develop a learning plan and provide curriculum materials which cater to the unique needs of the student. The Mathnasium method of teaching is delivered by highly qualified instructors (5:1 student-teacher ratio) and uses a unique combination of mental, verbal, visual, tactile, and written techniques to help children learn math in a way that makes sense to them. Students participate in 1 hour sessions, twice per week.

### ***About This State-Approved Program:***

---

Subject Areas: Mathematics

Grades Served: 1-12

Estimated Hours of Tutoring Per Student: 32

Number of Students to Be Served: 5 - 200
