

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How Mobile Minds Tutoring Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

Mobile Minds uses innovation and professionalism in our approach to education. We hire only the highest qualified and certified teachers, professors, and subject professionals. Focused math/reading instruction through small groups (5:1 student/tutor ratio) or one-on-one provides students with the tools they need to achieve their academic and personal goals. Our tutoring is geared towards helping students in grades K-12 achieve success in either mathematics or reading. We believe your child is unique and learns through individualized styles; therefore, our tutors design lessons that are engaging, varied, and focused on each student's academic goal. Each tutor teaches via direct instruction using Pearson's high quality curriculum for both math and reading. This curriculum is aligned with both state standards and the assessments our company utilizes (Pearson's GMADE and GRADE). Each tutoring session lasts an hour, and students can attend up to eight hours a week, until they reach their program limit. Every child has the right to quality education, and it is the priority of our staff to ensure each student feels safe and successful during each tutoring session.

About This State-Approved Program:

Subject Areas: English, Mathematics

Grades Served: K-12

Estimated Hours of Tutoring Per Student: 26

Number of Students to Be Served: 5 - 250
