

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How My Teaching Tools, Inc. Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

Program Summary: My Teaching Tools, Inc. professionals account for the interactive nature of the learning process. This model of instruction considers the student's individual characteristics as an integral part of instructional planning and incorporates it into the Teacher-Learner experience. Our team of qualified educators provides supplemental instruction in reading and mathematics for learners in grades 2-5. Research-based subject assessments are utilized to assess academic needs; set goals that bridge gaps in performance; and incorporate validated instructional strategies that enhance the learner's ability to transfer what is learned beyond the classroom. Instructional materials are aligned with the Michigan Curriculum Framework Grade Level Content Expectations and delivered by educators who possess State of Michigan teaching certification, as well as other trained professionals. Students are serviced twice weekly, two hours per session in small group ratios of one teacher to five students over an eight-week period during the fall and winter semesters.

About This State-Approved Program:

Subject Areas: English, Mathematics

Grades Served: 2-5

Estimated Hours of Tutoring Per Student: 32

Number of Students to Be Served: 1 - 240
