

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How New Bethel Empowerment Corporation Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

New Bethel Empowerment Corporation (N.B.E.C.) has developed a highly successful academic intervention program focusing on language arts and math. We use two of the most effective computer assisted instruction programs available (iLearn Math and Meric Software Language Arts). Certified teachers lead up to 3-two hour sessions per week providing 36 hours of tutoring. Classes provided in school use a 1 to 8 teacher student ratio whereas distance learning classes are capped at 30 to 1. Each student is assessed and provided a learning improvement plan which focuses solely on overcoming past learning gaps so that they master the material before proceeding to the next level. Students spelling, reading, writing, math logic/comprehension, critical thinking and confidence are truly bolstered. Teacher time is totally focused on guiding student success!
