A NEW APPROACH TO ONLINE PROFESSIONAL LEARNING

Nextpert sets teachers up for success—on evaluations, in transforming instruction for college and career-ready standards and assessments, and in preparing their students for successful futures.
Lesson and Assessment Building Tools guide teachers through the creation of high-rigor lessons and application-based assessment items or personalizing existing items from the Nextpert resource library.

Lesson and assessment builders guide creation of high-caliber instruction
Steps teachers through creating high-rigor lessons and application-based next generation assessment items. Inline professional learning tips guide teachers through the creation process and build metacognitive understanding.

Customizable lessons and assessment items
A variety of modifiable lessons and assessments selected as the highest quality across grade levels and subjects.

Optimization tools improve lessons and assessments
Powerful tools review the content and prompt teachers through adjustments to increase rigor, make more application-based, build academic vocabulary, and add instructional strategies.
Learn

Library of resources you can trust
Carefully selected resources—including videos, model lessons and assessments, and case studies—are vetted by our team of experts to ensure they are of the highest quality.

On-demand courses
