

Important Notification Regarding Access to the BAA Secure Site

As you are aware, the Office of Educational Assessment & Accountability became the Bureau of Assessment & Accountability last year. Since that transition, both the “old” URL for the BAA Secure Site and the “new” URL have remained functional. However, today the “old” URL (<https://oeaa.state.mi.us/meap/Index.asp>) was permanently revoked. The BAA was not notified by the Department of Technology, Management, and Budget that this revocation would be taking place today, so we apologize for this late notice.

To access the BAA Secure Site, please ensure you are using the “new” URL:
<https://baa.state.mi.us/meap/Index.asp>.

Also, please be sure to delete any favorites/bookmarks that link to the “old” URL.

We do recognize today was extremely poor timing for the BAA Secure Site to be unavailable given the public release of spring 2012 assessment results yesterday and the proximity to the 4th of July holiday and official summer break for most administrative staff in schools and districts. For those of you attempting to access the site today, we do appreciate your patience.
