

ACT State Testing Order Form for Alternate Format Practice Tests

Please review the needs of your students with diagnosed disabilities and place an order for the format(s) that will match the format your students plan to use for the actual administration. These alternate formats may be checked out by students or used to simulate a practice session. The items you order are free. Keep them at your school until you need to replace them.

You will receive a copy of the *Preparing for the ACT Special Testing* with each format ordered. This booklet contains the scoring keys. Students who will test using a regular type test booklet should use the practice test included in *Preparing for the ACT*, which includes a large type (18-point) practice Writing Test. Students can obtain this booklet from your school or download it from www.actstudent.org.
