2. SBE Priorities, Policies, and Programs that this Grant Supports (This information can be found on the SBE approved grant criteria form.):

The purpose of Even Start is to improve the educational opportunities of low-income, low literacy families by integrating early childhood education, adult literacy or adult basic education, parenting education and parent/child interaction into a unified family literacy program. These activities individually, specifically the delivery of high quality early childhood education to children at risk, have proven to positively impact the long-term outcomes for these children. Children involved in high quality early education are more likely to finish high school, have a job, have good school attendance and less likely to become teen parents, be identified with disabilities, be incarcerated, or be on welfare roles. Even Start ultimately aims to deliver a program that breaks the intergenerational cycle of poverty and illiteracy, and improves family relationships with schools. This is closely related to the State Board of Education's Strategic Goal "Attain substantial and meaningful improvement in academic achievement for all students/children with primary emphasis on high priority schools and students." By setting this goal, the State Board of Education recognizes the importance of a unified continuum of support that ensures student academic success. Further, the delivery of Even Start Family Literacy embraces the vision and Principle of Universal Education adopted by the State Board of Education by designing services that are community specific, culturally relevant and attend to both adult and child learning.

3. Background/Purpose of Grant Program:

Statute requires Even Start programming be designed to "promote the academic achievement of children and adults" and "assist children and adults from low-income families to achieve challenging state content standards and challenging state student achievement standards." The ultimate anticipated outcome is that the children whose families have been enrolled in Even Start will have at least an even start in their school careers, with the hope that they might experience substantial school success.
