Note: This process takes, on average, two weeks from the time the packet with the Office Director's signature on it is delivered to the Grants Office, until the time the fully signed packet is routed to the person administering the grant program. This time varies depending upon the number of corrections that are necessary and the availability of all of the signers. It can take longer particularly around holiday times when the signers may be out of the office. Proofread and plan accordingly.

Note: Allocations for districts in this report are based on preliminary estimated 2009 census information from the U.S. Department of Education. These estimated 2009 census poverty percentages do not include counts for foster children, neglected children, or children receiving TANF funds; in most cases, the inclusion of these counts at a later date will cause poverty percentages to increase slightly. Public school academies' equated census data is based on 2010-11 for these estimated allocations, since data for 2011-12 is not yet available. These estimated allocations will change, since they were calculated using preliminary data.
