

DIAGNOSIS & REMEDIATION OF READING COURSE VERIFICATION FORM

(Not required if the course was completed at a Michigan college or university)

Michigan Public Act 32 of 2007 amended MCL 380.1531 of the Revised School Code. Effective **July, 1 2009**, a course of at least 3 semester credit hours in the diagnosis and remediation of reading disabilities and differentiated instruction, which includes a field experience*, is required to progress from the Provisional Teaching Certificate to the Professional Education Certificate or the Interim Occupational Certificate to the Occupational Education Certificate. For applicants who complete the reading course **out-of-state at a state approved teacher preparation institution**, this verification must be included with the application "Cover Letter" which is generated upon submission of an application. An official transcript listing the course will also be required. The Michigan Department of Education (MDE) reserves the right to request course syllabi.

* MDE allows a "field experience" to be fulfilled within the teacher's current teaching placement. If possible, a teacher should be placed in a classroom where instruction occurs and diagnosis and remediation of reading methodology can be implemented.

For more information on the new reading course requirement, see [MCL 380.1531\(4\)](#).
