

STATE OF MICHIGAN
DEPARTMENT OF EDUCATION
LANSING

JENNIFER M. GRANHOLM
GOVERNOR

MICHAEL P. FLANAGAN
SUPERINTENDENT OF
PUBLIC INSTRUCTION

DATE: February 22, 2008

TO: Local and Intermediate School District Superintendents, Public School Academy Directors, and Nonpublic School Administrators

FROM: Carol Wolenberg, Deputy Superintendent *CW*

SUBJECT: **Urgent – Short Time Line - Disposal Instructions for Commodity Coarse Ground Beef – A594 sent to manufacturers for further processing – Lot numbers from manufacturers identify the use of Westland Beef**

Purpose

The purpose of this memorandum is to provide instructions to schools for disposal of the processed products that were made from the recalled Commodity Coarse Ground Beef A594 from Westland Meat Company. The processed products made from the ground beef were delivered to schools by Gordon Food Service (GFS) and SYSCO during both school year 2006-07 and 2007-08. The recall was expanded to include the delivery of Pierre beef patties by the state warehouses during school year 2006-2007.

Overview

The commodity ground beef products using USDA Coarse Ground Beef from Westland Meat Company were produced by the following manufacturers that are involved in the recall: Advance Food Company, JTM Food Group, Kings Command, and Pierre Foods.

Each of the manufacturers receiving the USDA commodity A594 coarse ground beef to make the processed products is providing a list with the name of each product, code number, and the lot number for the production of beef products with Westland Meat. ONLY the lot numbers listed by each manufacturer pertain to this recall and should be reported on the form attached. **Lot numbers provided by the manufacturers identifies whether Westland beef or beef from another meat packing plant has been used to produce the processed beef products. That is why only the lot numbers on the attached list are part of this recall for the products that were made with the Westland beef.**

It is imperative that the lot numbers found on each case of product in this recall are recorded on the attached form. USDA is requiring that MDE provide a detailed list of all products with the associated lot numbers for the recall of processed beef products. The

STATE BOARD OF EDUCATION

KATHLEEN N. STRAUS – PRESIDENT • JOHN C. AUSTIN – VICE PRESIDENT
CAROLYN L. CURTIN – SECRETARY • MARIANNE YARED MCGUIRE – TREASURER
NANCY DANHOF – NASBE DELEGATE • ELIZABETH W. BAUER
REGINALD M. TURNER • CASANDRA E. ULBRICH

www.michigan.gov/mde • (517) 373-3324

lot numbers from each manufacturer are attached to this memorandum. Advance Foods will be providing another update with additional lot numbers. As soon as we receive that information, MDE will forward the revised list of lot numbers to the schools.

Action needed

Schools that have 50 cases or less of processed products with the lot numbers indicated from the attached lists are authorized immediately to destroy onsite the processed products manufactured with Hallmark/Westland coarse ground beef. These products must be rendered unfit for human consumption.

For 50 cases or less, your school must use the following method of product destruction described below:

- Soak the product in bleach, bag it, and place it in an onsite waste receptacle immediately prior to trash pick up. It has been recommended that green food coloring could also be added to the bleach to change the appearance of the beef.
- Destruction must be witnessed by a person of authority such as a food service director, and one other person.
- Each witness must sign the destruction verification form.
- The type of product, quantity, and destruction method must be noted on the form.

For more than 50 cases (but less than a full truckload), contact your local health department and waste management company to determine the acceptable method of disposal in your county. The following guidelines have been provided by USDA for disposal of more than 50 cases.

- Destruction of these larger quantities must be witnessed by a representative of the local health department and an official from the landfill, incineration plant, or inedible rendering plant.
- The destruction verification form must be signed by these two witnesses.
- The type of product, quantity, and destruction method must be noted on the form.

All school programs disposing of the processed products manufactured with the Westland A594 ground beef need to complete the attached form: "Hallmark/Westland A594 Destruction Verification and Reimbursement Form." **It is essential that the completed form is faxed to the Michigan Department of Education by February 27, 2008.** The information provided by the school program on the form can include any of the following reimbursable expenses related to the destruction of the processed products made from A594 ground beef. On the form, it is essential that the name of the distributor (GFS, SYSCO, or NFS) be identified with the corresponding lot numbers from the cases of processed product made from Westland A594 ground beef.

Reimbursable Expenses

- Transportation
- Storage
- Destruction
- Processing fee (copies of distributor invoices)

Schools are instructed to retain all original invoices for the reimbursable expenses that are identified upon completion of the enclosed form.

Any questions related to this memorandum should be directed to Jayme Priest, Consultant at 517-335-3792 or e-mail at priestj@michigan.gov and Lucia Campbell, Analyst at 517-373-1073 or e-mail at campbelll4@michigan.gov.
