

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How RESULTS MENTORING Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

Results Mentoring uses an intensive, high-quality researched based and data proven intervention curriculum. We are a data driven, state and district aligned, inclusive, systemic, goal oriented, and student centered company. Our small class size creates classroom environments where students thrive and advance. We utilize Skills Tutor online and textbooks that allow the students and instructors to monitor the progress being made. A standard tutorial session includes a 120-minute session twice a week with ratios of 5:1 onsite, 8:1 in a classroom or lab setting and 30:1 for online instruction. Our tutor preferred qualifications are certified teachers and/or Master Degreed individuals with specialties in the areas of service. The minimal tutorial qualifications include at least 24 college credits in education, math or related field to tutor students. We also incorporate parent training, community involvement and mentoring programs to further enhance the students' success.
