

Roberto Quiroz has over 35 years of experience as an Educator in Michigan. He received a masters from the University of Michigan and a doctorate in curriculum and instruction from Wayne State University.

He has carried out a number of positions in education including teacher of Spanish and English as a second language, central office administrator and consultant for the Michigan Department of Education.

His experience with school improvement includes training in NCLB regulations and Title I requirements at the state department of education. After retiring from the state he founded Creative Schools Consulting LLC and along with his wife has provided consultation and coaching services to school districts and charter school for the past six years.

His consulting includes facilitating Title I school wide projects and coaching principals in High Priority Schools in Detroit, Lansing, Grand Rapids and Flint. His training includes participation in the ABCS coaches institute, and the High Priority Principal and Coaches Fellowship at Michigan State University.
