Program Information:

Program Description as Provided by McCall Educational Services: McCall Educational Services is dedicated to improving student achievement through the use of research based instructional strategies. The research validated reading and math programs have a demonstrated success of student achievement in both areas. Each program is aligned with the State standards and produce results that may be demonstrated on both State and LEA assessments. McCall Educational Services provides both small group and individual instruction, each session has a 1 hour minimum. Depending on LEA, sessions will be offered after-school, weekends, and summer. MES has identified 3 as their minimum number of students to be serviced in each district.

The program description was created by the provider and has not been edited by the Michigan Department of Education.

Performance Information:

Consumer Satisfaction

Type of Rater	Number* of People Completing a Survey	Satisfaction Rating	This Provider's Rating	Statewide Average
Parents	20	Percent of parents who were satisfied with this tutor	85%	78%
	20	Average overall letter grade from parents	B+	B
Teachers	52	Constructed letter grade from teachers for effects on classroom performance	B	C
	51	Percent of teachers who agreed this tutor positively impacted students' learning	61%	41%

*For many tutors, the number of surveys completed is very low. Readers should consider the number of responses when drawing conclusions about any provider.

Academic Achievement: There are limited or no data available on the basis of which to assess this provider's impact on academic achievement.

2008-2009 Service Areas (Limited to Applicable Districts):

Statewide

How the Statistics Were Calculated:

Consumer satisfaction data is from a mail survey of parents and an online survey of teachers concerning students receiving supplemental education services in the 2007-2008 school year.

- Parent satisfaction statistics are based on responses to the question, "Overall, are you satisfied with this tutor?" Parents could respond "yes," "no," or "not sure."
- Parent letter grades are based on averaged responses to the question, "What overall grade would you give your child's tutor?" with response options of "A - Excellent," "B - Good," "C - Average," "D - Poor," or "E - Failing."
- The teacher letter grade for effects on classroom performance is from responses to seven questions about students' classroom performance. An average across all items (excluding items with no response) was calculated for each provider and the top 20% of scores were coded as "A," the next 20% were coded as "B," and so on through "E."
- The rating of teachers' perceptions of provider impact on student learning is based on responses to the agree-disagree question, "This tutor is positively impacting this student's learning." Responses of "agree" or "strongly agree" are considered.

Impact on the MEAP score is based on a hierarchical linear regression analysis of students receiving SES in the 2006-2007 school year compared to a control group matched to SES recipients based on 2006 MEAP score, economic disadvantage, special education status, limited English proficiency status, and former limited English proficiency status. The analysis controlled for the effects of students' schools and the 2006 MEAP score.

The overall grade is a weighted average of the consumer satisfaction and academic achievement data.
