### Program Information:

#### Program Description as Provided by Metropolitan Certified Teachers Association, LLC (MCTA):

Metropolitan Certified Teachers Association, (MCTA) offers a 32-hour Academic Intervention and Extension Support Program in Reading, Math and Content-Area academics for K-12th grade students. The MCTA Tutorial program delivers customized comprehensive instruction in Reading Comprehension, Phonemic Awareness, Phonics, Vocabulary Development, Writing, state-adopted standardized tests preparation (bonus hours), and Mathematical Concepts & Applications. The math component involves students using pencil-to-paper techniques to learn mathematic functions, writing across the curriculum paired with the Fastt Math and Go Solve computerized-integrated learning systems which build mathematic fluency, problem-solving, decoding word problems, number functions and accuracy in a short period of time. The READ180 program is the premiere product utilized by MCTA. This highly acclaimed reading system promotes direct, explicit comprehension instruction, text-based collaborative learning, strategic tutoring, and a technology component for all students. Students have been found to experience favorable grade level gains after completing this program.

Statewide

**How the Statistics Were Calculated:**

Consumer satisfaction data is from a mail survey of parents and an online survey of teachers concerning students receiving supplemental education services in the 2007-2008 school year.

- Parent satisfaction statistics are based on responses to the question, "Overall, are you satisfied with this tutor?" Parents could respond "yes," "no," or "not sure."
- Parent letter grades are based on averaged responses to the question, "What overall grade would you give your child's tutor?" with response options of "A - Excellent," "B - Good," "C - Average," "D - Poor," or "E – Failing."
- The teacher letter grade for effects on classroom performance is from responses to seven questions about students' classroom performance. An average across all items (excluding items with no response) was calculated for each provider and the top 20% of scores were coded as "A," the next 20% were coded as "B," and so on through "E."
- The rating of teachers' perceptions of provider impact on student learning is based on responses to the agree-disagree question, "This tutor is positively impacting this student's learning." Responses of "agree" or "strongly agree" are considered.

Impact on the MEAP score is based on a hierarchical linear regression analysis of students receiving SES in the 2006-2007 school year compared to a control group matched to SES recipients based on 2006 MEAP score, economic disadvantage, special education status, limited English proficiency status, and former limited English proficiency status. The analysis controlled for the effects of students' schools and the 2006 MEAP score.

The overall grade is a weighted average of the consumer satisfaction and academic achievement data.
