Program Information:

Program Description as Provided by Much Success Tutoring Services: Much Success Tutoring Services is in the business of raising test scores and ensuring academic success in all of our students. We provide small group tutoring (6 students or less), interactive hands on, and minds-on learning for our students. After school tutoring sessions are 2 hours a day, two days a week. Our program aligns with the Michigan Department of Education standards to guarantee your child will receive the best education possible that meets the Michigan Department of Education guidelines. We are equipped to educate our students (from grades K-12) in Math, Reading, and English Language Arts. We develop academic goals that are unique to your child's needs based upon our assessments.

The program description was created by the provider and has not been edited by the Michigan Department of Education.

*For many tutors, the number of surveys completed is very low. Readers should consider the number of responses when drawing conclusions about any provider.

Academic Achievement: There are limited or no data available on the basis of which to assess this provider's impact on academic achievement.

2008-2009 Service Areas (Limited to Applicable Districts):

Conner Creek Academy, Flint City School District

How the Statistics Were Calculated:

Consumer satisfaction data is from a mail survey of parents and an online survey of teachers concerning students receiving supplemental education services in the 2007-2008 school year.

- Parent satisfaction statistics are based on responses to the question, "Overall, are you satisfied with this tutor?" Parents could respond "yes," "no," or "not sure."
- Parent letter grades are based on averaged responses to the question, "What overall grade would you give your child's tutor?" with response options of "A - Excellent," "B - Good," "C - Average," "D - Poor," or "E - Failing."
- The teacher letter grade for effects on classroom performance is from responses to seven questions about students' classroom performance. An average across all items (excluding items with no response) was calculated for each provider and the top 20% of scores were coded as "A," the next 20% were coded as "B," and so on through "E."
- The rating of teachers' perceptions of provider impact on student learning is based on responses to the agree-disagree question, "This tutor is positively impacting this student's learning." Responses of "agree" or "strongly agree" are considered.

Impact on the MEAP score is based on a hierarchical linear regression analysis of students receiving SES in the 2006-2007 school year compared to a control group matched to SES recipients based on 2006 MEAP score, economic disadvantage, special education status, limited English proficiency status, and former limited English proficiency status. The analysis controlled for the effects of students' schools and the 2006 MEAP score.

The overall grade is a weighted average of the consumer satisfaction and academic achievement data.
