Program Information:

Program Description as Provided by Sylvan Learning Center of St. Joseph: Sylvan Learning Inc. is the world's leading provider of private tutoring services. The St. Joseph center has been helping students for the last thirteen years. Nationally standardized tests are used to identify skills weaknesses. The information from the tests is used to develop an individualized learning program. A certified teacher uses materials that are appropriate to the skill level of the student. There are never more than three students with a teacher. Each student receives individual instruction for two to four hours per week. Sylvan instruction is balanced, research based, personalized, and uses a mastery learning approach. Sylvan guarantees that students will improve their skills by the equivalent of one full grade level after 36 hour or they will receive 12 additional hours of instruction free. Parents and the school district will be informed of student progress after each twelve hours of instruction.

The program description was created by the provider and has not been edited by the Michigan Department of Education.
