#### Program Information:

**Program Description as Provided by EUP Learning Center, Inc.:** Tucked away in a scenic corner of the eastern Upper Peninsula, the EUP Learning Center is a refuge for students facing a variety of educational needs, a place where teachers share their love of learning with pupils - and where those pupils find themselves achieving things they never thought possible. The center provides comprehensive testing that determines a student's age- or grade-level performance, pinpointing areas where he or she needs help. Also offered is screening to identify each student's own best style of learning, their -comfort zone- for different types of instruction, and any other hurdles they may face. Together, the tests give students, parents and center staff a clear picture of what needs to be done, then helps them work together to design the best course of instruction to meet those goals. The EUPLC currently has a 95% success rate of reaching set goals.

*The program description was created by the provider and has not been edited by the Michigan Department of Education.*

<b>Number of Students Served in 2007-2008:</b> 1 <b>Offers Transportation:</b> No <b>English Language Learner:</b> Yes <b>Students With Disabilities:</b> No <b>Place(s) of Service:</b> Some Schools as Selected by the District(s), Place of Business, Student's Home	<b>Subject Areas:</b> English, Mathematics <b>Grades Served:</b> K-12 <b>Estimated Hours of Tutoring Per Student:</b> 30 <b>Number of Students to be Served:</b> 1 - 50 <b>Student-Teacher Ratios:</b> <input type="checkbox"/> <b>Classroom:</b> 1 teacher per 2 students <input type="checkbox"/> <b>Computer-based:</b> 1 teacher per student <input type="checkbox"/> <b>Online instruction:</b> 1 teacher per student

#### Performance Information:

Consumer Satisfaction				
Type of Rater	Number* of People Completing a Survey	Satisfaction Rating	This Provider's Rating	Statewide Average
Parents	1	Percent of parents who were satisfied with this tutor	100%	78%
	1	Average overall letter grade from parents	A	B
Teachers	0	Constructed letter grade from teachers for effects on classroom performance	Not available	C
	0	Percent of teachers who agreed this tutor positively impacted students' learning	Not available	41%

\*For many tutors, the number of surveys completed is very low. Readers should consider the number of responses when drawing conclusions about any provider.

**Academic Achievement:** There are limited or no data available on the basis of which to assess this provider's impact on academic achievement.

**2008-2009 Service Areas (Limited to Applicable Districts):**

Sault Ste. Marie Area Schools

**How the Statistics Were Calculated:**

Consumer satisfaction data is from a mail survey of parents and an online survey of teachers concerning students receiving supplemental education services in the 2007-2008 school year.

- Parent satisfaction statistics are based on responses to the question, "Overall, are you satisfied with this tutor?" Parents could respond "yes," "no," or "not sure."
- Parent letter grades are based on averaged responses to the question, "What overall grade would you give your child's tutor?" with response options of "A - Excellent," "B - Good," "C - Average," "D - Poor," or "E - Failing."
- The teacher letter grade for effects on classroom performance is from responses to seven questions about students' classroom performance. An average across all items (excluding items with no response) was calculated for each provider and the top 20% of scores were coded as "A," the next 20% were coded as "B," and so on through "E."
- The rating of teachers' perceptions of provider impact on student learning is based on responses to the agree-disagree question, "This tutor is positively impacting this student's learning." Responses of "agree" or "strongly agree" are considered.

Impact on the MEAP score is based on a hierarchical linear regression analysis of students receiving SES in the 2006-2007 school year compared to a control group matched to SES recipients based on 2006 MEAP score, economic disadvantage, special education status, limited English proficiency status, and former limited English proficiency status. The analysis controlled for the effects of students' schools and the 2006 MEAP score.

The overall grade is a weighted average of the consumer satisfaction and academic achievement data.

Additional information is available upon request from the Michigan Department of Education.
