Program Information:

Program Description as Provided by Get It Done: Our assessment pinpoints the precise areas students need help in. We develop a clearly defined individualized program for our students with feedback from both parents and teachers. During the 2005-2006 school year, our students increased as much as 70% on the Math Post-Test. This demonstrates that once students acquire key skills needed they are able to become successful. Our reading students increased by as much as 30% on the post-tests. We adhere strongly to the Grade Level Content Expectations, and assuring students that they can meet those expectations. Students are taught in small settings. Students also attend Skills Workshops to assure that skills are acquire and retained. Tutoring classes last 1-4 hours, and occur Monday - Saturday, up to 4 times a week. Tutoring takes place at our Learning Center. All materials are provided and computers are available for instructional use

The program description was created by the provider and has not been edited by the Michigan Department of Education.

Key: "A" – substantially above average, "B" – above average, "C" – average, "D" – below average, "E" – substantially below average, "<10" – fewer than 10 students were served for this subject/grade and results are suppressed to protect the confidentiality of students' information.

The analysis of MEAP scores is based on students served in the 2006-2007 school year

2008-2009 Service Areas (Limited to Applicable Districts):

Statewide

How the Statistics Were Calculated:

Consumer satisfaction data is from a mail survey of parents and an online survey of teachers concerning students receiving supplemental education services in the 2007-2008 school year.

- Parent satisfaction statistics are based on responses to the question, "Overall, are you satisfied with this tutor?" Parents could respond "yes," "no," or "not sure."
- Parent letter grades are based on averaged responses to the question, "What overall grade would you give your child's tutor?" with response options of "A - Excellent," "B - Good," "C - Average," "D - Poor," or "E - Failing."
- The teacher letter grade for effects on classroom performance is from responses to seven questions about students' classroom performance. An average across all items (excluding items with no response) was calculated for each provider and the top 20% of scores were coded as "A," the next 20% were coded as "B," and so on through "E."
- The rating of teachers' perceptions of provider impact on student learning is based on responses to the agree-disagree question, "This tutor is positively impacting this student's learning." Responses of "agree" or "strongly agree" are considered.

Impact on the MEAP score is based on a hierarchical linear regression analysis of students receiving SES in the 2006-2007 school year compared to a control group matched to SES recipients based on 2006 MEAP score, economic disadvantage, special education status, limited English proficiency status, and former limited English proficiency status. The analysis controlled for the effects of students' schools and the 2006 MEAP score.

The overall grade is a weighted average of the consumer satisfaction and academic achievement data.
