Program Information:

Program Description as Provided by Academic Tutoring / McCully's: Academic Tutoring / McCully's was the recipient of the annual award from the Michigan Association of State and Federal Program Specialists for 2008, "In recognition of excellent service and dedication to providing Michigan Teachers with quality professional development and educational programs to help all students succeed." Academic Tutoring/McCully's provides 3 students per teacher as our average student to teacher ratio with a maximum of 5 students. Smaller group sizes or individual tutoring may be provided as needed. Special education students receive services as determined by their Individualized Educational Learning Plan. Our assessment results show an average increase, after approximately 30 hours of tutoring, to be 1 stanine score, or above, of academic growth. We serve students in kindergarten through high school. All instructional materials and books are provided based upon the student's academic assessment. Consistent parent and teacher communication is an important part of our tutoring program.

The program description was created by the provider and has not been edited by the Michigan Department of Education.

Academic Achievement: Impact of Provider's Services on 2008 Michigan Educational Assessment Program (MEAP) Scores

Math			English Language Arts		
Grade Level	Number of Student Scores Considered	Performance Rating	Grade Level	Number of Student Scores Considered	Performance Rating
3	41	C	3	40	C
4	32	C	4	33	B
5	26	C	5	26	C
6	20	C	6	20	C
7	31	C	7	30	E

Key: "A" – substantially above average, "B" – above average, "C" – average, "D" – below average, "E" – substantially below average, "<10" – fewer than 10 students were served for this subject/grade and results are suppressed to protect the confidentiality of students' information.

The analysis of MEAP scores is based on students served in the 2007-2008 school year.

How the Statistics Were Calculated:

Consumer satisfaction data is from a mail survey of parents and an online survey of teachers concerning students receiving supplemental education services in the 2008-2009 school year.

- Parent satisfaction statistics are based on responses to the question, "Overall, are you satisfied with this tutor?" Parents could respond "yes," "no," or "not sure."
- Parent letter grades are based on averaged responses to the question, "What overall grade would you give your child's tutor?" with response options of "A - Excellent," "B - Good," "C - Average," "D - Poor," or "E – Failing."
- The teacher letter grade for effects on classroom performance is from responses to seven questions about students' classroom performance. An average across all items (excluding items with no response) was calculated for each provider and the top 20% of scores were coded as "A," the next 20% were coded as "B," and so on through "E."
- The rating of teachers' perceptions of provider impact on student learning is based on responses to the agree-disagree question, "This tutor is positively impacting this student's learning." Responses of "agree" or "strongly agree" are considered.

Impact on the MEAP score is based on a hierarchical linear regression analysis of students receiving SES in the 2007-2008 school year compared to a control group matched to SES recipients based on 2007 MEAP score, economic disadvantage, special education status, limited English proficiency status, and former limited English proficiency status. The analysis controlled for the effects of students' schools and the 2007 MEAP score.

The overall grade is a weighted average of the consumer satisfaction and academic achievement data. Additional information is available upon request from the Michigan Department of Education.
